A Prolific Producer

Elijah Chojnicki is a senior from Lancaster High School and is enrolled in the Digital Media program at Erie 1 BOCES Career and Technical Education Center at Calspan Business Park.

“I enrolled in BOCES because I wanted to engage in creativity within creating and producing media, to be inspired by others and to encourage my peers to also be productive,” said Elijah.

Under the instruction of Jason Bieger, Elijah has learned to operate software and hardware used by today’s digital media workforce to develop his design skills for digital screens, print layouts, YouTube videos, photography, animation and more.

In the fall of 2024, following graduation, he plans on going to college, then finding a job that involves working with video, audio, animation or graphic design.

“Elijah is a prolific producer who can easily produce thought-provoking work through unique concepts involving characters that have strong appeal,” said Bieger. “He elevates every production by bringing point of view that’s in a voice all his own. Elijah is reliable, respectful and works well independently and on a team.”

“This program has provided me an advantage to reach my goals by having the resources and environment to allow me to experience what it is like to be working in this industry,” said Elijah.

As part of public education, Erie 1 BOCES offers a variety of career and technical programs during the regular school day to high school students in Erie County. High school students interested in learning more about how they can participate in various programs, such as digital media, sports science, nursing, the law, education, diesel technology or engineering and robotics, should visit www.e1b.org/cte or speak with their high school counselor.
